# LAKSHYA RESCUE AMBULNCE SERVICE PVT LTD

## ABOUT US

We take this immense pleasure to introduce ourselves as 'Lakshya Rescue Ambulance Services Pvt. Ltd. , as a complete healthcare service provider for all domestic and international requirements.

'Lakshya Rescue' the name itself specifies the dignity & importance of mankind s and their healthy lives to us. The company was established in 2018, with aim for the advancement & personification of health care industry. Your head quarters are based at Delhi with regional offices present in different states providing our extended services PAN India and international.

We are a team of highly professional , experienced and qualified youth with pure and fresh minds full of enthusiasm and courage to help the mankind. Vision & Mission – We here at “Lakshya Rescue” work here irrespective of time & money with vision to bring a new revolution to healthcare industry.

The mission is to deliver the best healthcare services to all mankind . We assure to provide the best healthcare services to all the people in the cheapest possible prices without compromising the safety & hygiene standards, providing the best qualified team for their supervision.

We believe that for this revolution in healthcare industry we have to eliminate the differences for the services to rich & poor , therefore we have developed a just culture in our work environment we never differentiate between the mankind. With the purity in heart & calmness in brain we are hereby introducing “Lakshya Rescue” , as the best healthcare team for mankind. Assuring the best healthcare services. .

## SPECIALISED AIR AMBULANCE

For a patient, every minute & every second counts for life. To meet this quick requirement Lakshya Rescue provides its fastest air ambulance service. The air ambulance service helps to transfer critical patients from one place to another. For longer destinations, it become a matter of some hours rather days. From Patient Transfer to Organ transfer , we provide you the quickest mean to reach from one place to another.

## COMMERCIAL AIR AMBULANCE

Since our vision was to equalise the medical facilities for all the people. We provide air ambulance shifting through commercial planes as well. This shifting is way too cheaper than the specialised air ambulances, so that can be accessible to all the people. Without compromising any quality services or safety & hygiene standard we provide you best medical team with all the required equipments Onboard.

## ROAD AMBULANCE SERVICES

Lakshya Rescue provides you Ambulance services Pan India. We are providing fully fabricated Ambulance with full life support & ICU system . It resembles like complete ICU on wheels. We can provide you both AC / Non AC, ACLS or BLS Ambulance just in fraction of minutes in the best available market prices. We have a team of proficient doctors , nurses & drivers who drive your patient safe & sound to your destination.

In Lakshya Rescued we value your life , time & money . Hence we make our Ambulance available for you at earliest possible time duration.

## STANDBY ASSISTANCE

Lakshya Rescue is a complete health service provider . We not only provide ambulances & medical rooms, but can provide you standby Assistance on case to case basis as well. We can provide you medical assistance / medical staff with basic support for events , tracks , or any kind of public gathering. In case you need any first aid or primary medical support for any of participant , attendant we are always available.

These standby Assistance is a method to ensure safety for all. Not only in events , we also provide total medical setup with medical staff (nurses) for taking care of patients at home. We are expanding in every field of medical support. We provide Safety kits & all other medical supply equipments in bulk at best possible market prices.

We at Lakshya Rescue are working in the area to become a one point solution for all the medical facilities & support, so that people don't need to rush at the time of emergency. We are available with all resources just a call away.

## TRAIN AMBULANCE

Lakshya Rescue provides you with fastest & cost effective solution for transfer of patient to longer destinations via trains. We provide a complete medical setup in the train and transfer your patient safely in supervision of our experienced medical team. This train medical transfer not only saves lots of time but money as well and an easily affordable method for transfer of critical patients to longer distances.

## INDUSTRIAL HEALTH SERVICES

When it comes to life , every second counts. There can be a medical emergency anytime & anywhere. Even in workplaces or other public places , industries , schools, institutions, companies etc. There is a possibility of a happening . As Murphy's laws say's , "if anything can go wrong , it will go wrong".

Therefore there is always a possibility of any circumstance or happening. Without waiting for any such happening, we shall keep ourselves ready for it . Lakshya Rescue has come up with an idea of setting up a medical room in all these work places, so that atleast a first aid & the basic medical support is available at your place at the time of an emergency. Rather than rushing in search of a hospital in this pandemic period, we can stabilise the patient and can get the best possible service available at your own place. This medical room consists of all basic & initial life support equipments , medicines & medical practitioners. A first aid can be a life saving boon in some circumstances.
